This is notification that , though I am grateful for the opprotunity to interview for the Lumber Yard Team Lead position I am withdrawing my name as a candidate. I have given it much thought since the interview and I feel that if I were chosen, the cost would outwiegh the gain. Friendships are more important to me then a promotion. With that being said I again would like to say thank you and I will continue to give 100% working the sales floor.

Respectfully,  
Art Wittner
